

HERBALIFE®

Xtra-Cal is a nutritional supplement that can provide the calcium needed for strong, healthy bones. Our formula includes Vitamin D that is essential for calcium absorption, together with other vitamins and minerals.

Directions for use: Take one tablet three times a day with meals.

Vitamins can only be of assistance if the dietary vitamin intake is inadequate. Herbalife nutritional products are dietary supplements for those individuals who may not receive adequate quantities of various essential vitamins in their everyday diet.
